I paid a Student Health fee with my tuition, how does that work with SHIP?

The SHIP plan is designed to work in conjunction with Student Health Services. If you are registered for five (5) or more credit hours per semester, you are assessed the student health fee. If you are enrolled for less than five (5) semester hours, you may choose to pay the health fee and obtain the same benefits.

Students are encouraged to take advantage of the UNI Student Health Clinic when they need health care in order to maximize their benefits.

- Unlimited student office visits with a healthcare provider at no cost
- Subsidizes the cost associated with other services
- Supports public health initiatives on campus
- Promotes health activities
